

2009

(New Syllabus)

**GEOGRAPHY — GENERAL — PRACTICAL**

**Third Paper**

**Full Marks - 100**

*The figures in the margin indicate full marks*

**BATCH - II**

1. Construct a linear scale with the help of given R. F. 1 : 55, 500, showing 1 Km in the primary parts and 200 metres in the secondary parts. 5

2. Draw graticules on Cylindrical Equal Area Projection where R. F. is 1 : 80,000,000. 15

Extension : 10° N to 60° S  
70°W to 10° W

Interval : 10°

3. Draw bargraphs with the following data to show the share of District Domestic Product of the following districts. 13+2

| Districts | District Domestic Product (%) |             |
|-----------|-------------------------------|-------------|
|           | 1995 - 96                     | 2000 - 2001 |
| Burdwan   | 26.59                         | 20.43       |
| Birbhum   | 42.94                         | 33.83       |
| Bankura   | 45.15                         | 37.82       |
| Medinipur | 34.25                         | 28.56       |
| Howrah    | 12.35                         | 7.91        |
| Purulia   | 35.39                         | 24.35       |

Interpret it.

4. (a) Interpret the given toposheet of a plateau region (R. F. - 1 : 50,000) under the following headings :

(i) Correlation between relief and settlement

(ii) Communication

(b) Draw a transect chart (not less than 14 cms) to show the relation between physical and cultural features and interpret it. 5+5+5

[Turn over]

200 ✓  
200 X 1000

5. (a) Draw a histogram and give with the following data.

4+6

| <u>Scores</u> | <u>Number of Students</u> |
|---------------|---------------------------|
| 15 - 20       | 4                         |
| 20 - 25       | 12                        |
| 25 - 30       | 16                        |
| 30 - 35       | 22                        |
| 35 - 40       | 10                        |
| 40 - 45       | 8                         |
| 45 - 50       | 6                         |
| 50 - 55       | 4                         |
| 55 - 60       | 3                         |

1165

- (b) Calculate mean. 4  
6
- (c) Calculate mode and plot it. 12+8  
5+5
6. Field Report and Viva-Voce.
7. Laboratory Note Book and Viva Voce.
